Suggested Uses

Enviro Grout Wash is a special blend of mild acids, detergents and brighteners, designed to perform the toughest of cleaning tasks without damaging tiles or grout. Enviro Grout Wash can be used in all areas where dirty grout, rust spots, body grease, soap scum, grime and bacteria are present. These areas may include washrooms, shower stalls, stairways and swimming pools.

Application

General Cleaning: Dilute 1 part of Enviro Grout Wash to 1-25 parts water depending on amount of grime. Enviro Grout Wash can be applied by mop, spray, brush or cloth. Agitate and allow to stand for one minute. Rinse well with clean water.

Enviro Grout Wash is available in 1 litre, 4 litre, 20 litre, 205 litre containers.
