Data Sheet

### Suggested Uses

A high sudsing liquid for manual cleaning of dishes, glasses, silverware, pots and pans.

This phosphate free and biodegradable formula instantly soaks soils away without drying skin.

Rich, stable suds, fast wetting action and spotless free rinsing make Suds most economical for kitchens of all sizes.

### Application

**General Cleaning:** Add to water until desired level of foam and cleaning power is achieved. Approximately 15ml per 7 litres of water is recommended.

**Suds is available in 1 litre, 4 litre, 20 litre containers.**

- Biodegradable
- Long-lasting Suds
- Phosphate Free
